# DoS

A dense, overlapping collage of the word "DOS" in various black, sans-serif fonts and sizes, creating a chaotic, layered effect. The text is set against a white background with a vertical purple stripe on the left edge.

# Kübermaailma mõisted

**ANDMEKAITSE JA INFOTURBE LEKSIKON**

<https://akit.cyber.ee/>

# Malware

kohati kasutatav "pahavara", "kurivara" jms  
infoturbe asendustegevusega pidevalt leiutatav  
"pähhvara" ei väljenda sihilikkust ega  
võimalda kahjurprogrammi, kahjurkoodi,  
kahjurskripti, kahjurmakro, kahjursisu,  
kahjurväärtuse, kahjurseadme jt analoogiliste  
ala- ja sugulasliikide mõistlikke nimetusi;  
ohu realiseerumine tekitab kahju, mitte  
"pahandust", "kurja" vms;

# Cookie

nimetus tuleneb piparkoogitaolisest hiina õnnekoogikesest, mille sisse on küpsetatud sedel ennustusega;

"kuki" on lastesläng, "küpsis" on naiivtõlge: kas siis ka "piparküpsis"?

# Phishing
